## Media Release

Monday 13<sup>th</sup> November 2006

### FARWELL BOB ANGUS - AUSTRALIAN TRUCKING STALWART

It is with fond memories of a true industry achiever, and one of nature's gentleman, that the Australian Road Train Association (ARTA) wishes Bob Angus all the best on his retirement and thank him for his extensive contributions to the Australian trucking industry, ARTA Executive Director, John Morris said today.

Mr Angus retired last Friday from his role on the Australian Trucking Association (ATA) General Council after 13 years of diligent and understated commitment and service to the industry, including as Deputy Chair of the ATA, Chair of the ATA Industry Technical Council, attendant Chair at the ATA/ARTSA Technical and Maintenance Conferences, and as one of the pioneers to champion the development of the ATA National Headquarters project

"Most importantly for ARTA, we worked very closely with Bob particularly in his role as the Chairman of the Road Freight Advisory Council (RFAC) of NSW, for many, many years," Mr Morris said.

"While working together on many important RFAC projects, I and my ARTA colleagues came to recognise Bob as a man of integrity and determination.

"Bob was also very instrumental in bringing R&TA CEO Paul Forward to the RFAC table who reinvigorated the NSW industry/government caucus, wrestling it from its slow choking death by bureaucracy and turning it into a forum that 'made things happen.'"

We wish both Bob and his wife a long and fruitful retirement that they well deserve.
